About this item

- Adjustable Height&Width With adjustable height (2.9ft/88cm–10ft/3m) and width (6ft/1.8m-12ft/3.6m), the backdrop support system holds your backdrop in place and helps create different backgrounds for photography work.
- Strong and Sturdy The aluminum alloy backdrop stand is durable with load capacity up to 8.8lb/4kg. And the design of the tripod base ensures it won't shake when fully extended to its maximum size.

- **Better Effect with Spring Clips** The clamp is made of strong and rugged type of plastic, strong spring and the rough surface enable itself to clamp anything onto the stand tightly and present a better shooting effect.
- **Easy to Assemble** You can set up the backdrop stand in less than 5minutes without any tools.Only need to press down the bar spring clamp and insert the hole at the other end.
- **Wide Application** This background stand kit is suitable for newborn photography, baby photoshoot, professional photo studio shooting, product display background, DIY photo booth, pet pictures, shooting video or home/wedding/parties decoration.
