About this item

- FIREPROOF MONEY SAFE WITH DIGITAL KEYPAD
- 2.2 CU ft FIREPROOF LARGE SAFE BOX : Our personal safe is great for things like keeping items from prying eyes in your home such as sensitive documents, electronic storage drives, spare credit cards, medicine, gun etc., away from children or nosey visitors. BEST CHOICE FOR YOU TO PROTECT YOUR VALUABLES FROM THEFT.
- COMBINATION LOCK Our home safe is designed with keypad and spare keys. The programmable code makes it easy to open the safe and you don't have to worry about hiding & keeping track of a key. It worked perfectly to keep something away from kids.
- SAFE BOX SMART CAPACITY : Exterior size: 19.68" x 16.92"x 16.92", Interior size: 19.4" x 16.7" x 16.7". The weight: 35.27 pounds. Perfect for storing handguns, rounds of ammo and valuables.
- DURABLE STEEL CONSTRUCTION : With 2 Enhanced Live Steel Locking Bolts, Pry-resistant Concealed Hinges & Recessed Door, the safe will keep your valuables secure. The scratch & stain resistant powder coat finish protects the safe box from rust and damage; A carpeted floor mat helps to keep your jewelry, electronics or other precious items safe and from scratching.
- DOUBLE WARNING SYSTEM : The safe has a very nice feature of having an alarm. If vibration is detected (like someone hitting it with a hammer), or if the wrong passcode is repeatedly entered, the alarm will sound. So if someone is messing with your safe, you will be alerted or it will probably scare off the person messing with it.

The safe is missing removable shelf.
