About this item

- **Computer Desk with Monitor Stand** :This desk with the raised monitor stand allows for a cleaner looking desk top, besides staging the monitors at a comfortable eye level that won't strain your eyes or neck and can keep your screens at a comfortable height for working. Keeping your neck healthy but giving you a little extra surface storage area at the same time!!
- **Large Storage Capacity Desk with Drawers** :This desk table is designed with 3 drawers that give a nice amount of storage for everything else you need during your work day or study day. The 3 storage drawers can stash things away. Perfect for placing your documents, office or school supplies, gaming equipment etc. You will always have an organized desktop after owning it.
- **All-in-one Versatility Computer Desk Table** : The perfect desktop size (48 inch*19.6 inch) fits your 2 big monitors and your laptop, books. Ample room for all of your office or work- from-home needs! The detachable underneath storage shelves of the desk can be placed in any size so it works perfect for any usage. (Eg: cpu stand, books). There are also a lot more legroom and space for you. Suitable for full size person.
- **Sturdy & Attractive Desk Table** The metal leg and wood desktop together makes this desk a tank in the desk world. This construction design keeps your table be no wobble while typing, writing or gaming. Even serving as your office desk, study writing table, gaming desk. The industrial desk design also matches the rest of your furniture. You can enjoy sturdy and fashion design all in one desk.
- **Easy to Assemble** The desk contains very thorough and concise instructions for assembly.
