About this item

- Baby Safe Proof --BabyBond retractable baby gate - a sleek and effective way to provide a safe isolation area for your curious and energetic baby. This baby gate

is perfect for blocking off areas in your home, such as the kitchen, bathroom, outdoors, and stairs, that you don't want your baby to reach.

- Retractable baby gates--with a width of up to 55 inches(33 inches tall), offer an effective, space-saving, and easy-to-operate solution for parents seeking to keep your child safe and contained. Whether it's for safety reasons or to limit the child's mobility, a retractable baby gate is a great option that meets the needs of your families.
- Versatile and Secure--the BabyBond baby gate for stairs and other areas can be easily installed in hallways, doorways, and other places. Its adjustable feature allows for a perfect fit with the height of your wall baseboard, ensuring that it can be installed close to the floor and effectively prevents both babies and pets from passing through. Ideal for babies aged 6-24 months and pets weighing 10-40 lbs.
- Easy to Use--The BabyBond baby gate with door can be operated single-handedly, which is especially useful when you're carrying a baby. The locking mechanism is designed for safety and can also be easily operated with one hand - just press and push to lock or unlock. Rest assured that your child won't be able to tamper with the lock, providing added peace of mind for busy parents.
- Certified for Your Peace of Mind -- Safety is our top priority at BabyBond, and we take extra care to ensure that our retractable baby gates meet the highest safety standards. Our gates are CPSC certified after undergoing thorough testing, so you can rest easy knowing that your child is protected.
