Sale Name: QUALITY ESTATES & AMAZON GENERAL MERCHANDISE - ONLINE AUCTION - JUNE 14th, 2023

LOT 102 - PETKIT PuraX Self-Cleaning Cat Litter Box, Scooping Free Automatic Cat Litter Box fr Multiple Cats with Litter Mat, xSecure/Odor Removal/APP Control

Description

PETKIT PuraX Self-Cleaning Cat Litter Box, Scooping Free Automatic Cat Litter Box - Multiple Cats with Litter Mat, xSecure/Odor Removal/APP Control.

\$1000.00 original price on this unit!

This was an Amazon return product which did not come with the original box or original manual. You would have to contact PETKIT directly to get a new manual.

From what we can see, the unit powers on but the App is needed to control it. You will also need to order pet odor solution from PETKIT.

About this item

- Purax Smart Litter Box: Not only automatic poop scooping, but also automatic deodorization, instead of cleaning litter every day, now you only need to do 30 minutes cleaning once every 2 weeks-8 weeks, very worth the initial cost for the savings in sanity, time, smell, mess, litter.
- 100% Safe and Reliable: xSecure security system, we applied Hall sensor, infrared sensor, weight sensor, anti-trap infrared sensor to this automatic cat litter box, just to make sure your pet is not at risk. The remote alert device also allows you to be notified via your cell phone in time for emergencies.
- APP Control: With the PETKIT app(2.4G Wifi Needed), you can control the
 automatic cat toilet remotely, and you can view more information about your
 pet's usage on the app. For example, we provide you with data on how often
 your cat uses it each day, which can help you detect any urinary problems in
 advance. PETKIT is always looking for ways to let you know more about your
 pets' health.
- Fits All Clumping Litters: PETKIT automatic litter box is compatible with all clumpable litters. We would also like to recommend PETKIT 5 in 1 mixed Tofu cat litter(asin: B08VS15NTB), which is fast absorbing, dust-free and has excellent odor control.
