**About this item**

- KastFlex IM6 Graphite Spinning Rods –KastFlex IM6 Graphite blanks are highly sensitive, light and incredibly powerful. The high carbon construction enhances the slightest bites and provides the power to penetrate hooks quickly and

consistently, so you land more fish. These extremely light spin fishing rods are perfect for most freshwater species and there are even models that will perform in some inshore saltwater applications.

- **Titanium Oxide Performance Line Guides** – Titanium is strong and resilient and when used to create guide rings, provides unmatched durability. This is perfect for today's super lines (multi-strand braided fishing lines), that are so popular for today's anglers. LTS, Titanium Oxide guides won't groove under the pressure of powerful fish and deliver incredible casting distances. All Royal Charge fishing rods include premium stainless-steel guide frames with durable Titanium Oxide rings.
- **16 Moderate Fast and Fast Action Spinning Rods** – KastKing Royal Charge spinning rods will put a "Charge" into all your favorite fishing species! The Royal Charge fishing rod series is available in 16 models from 5'6" to 7'6", all with Mod. Fast to Fast actions and power ratings from Ultra-Light to Heavy. "Charge" into fishing performance for freshwater species like trout, bass, walleye, pike, etc.
- **Easy Travel and Storage with 2-pc Designs** – Every KastKing Royal Charge spinning rod is made in 2 pieces for super easy storage and travel. This makes taking a Royal Charge spinning rod with you simple and easy. Ride a bike, pack into your favorite lake, carry multiple rods with ease or just keep an extra spin fishing rod in your car or boat. Our time-tested ferrule design ensures that these 2-pc rods will perform like 1-pc rods.
- **High Density EVA Handles** – The thin and light, high-density EVA handles, foregrip and fighting butt complement the graphics and color of the rods and helps reduce overall weight. It's comfortable in your hand and provides all day performance. Everyone will know you are in "Charge" of your fishing experience when they see the flicker of your fluorescent orange Royal Charge fishing rod.
