About this item

- **Padded Saddle Seat** Filled with elastic foam, the cushioned seat will provide comfortable sitting experience. The 24-inch height saddle seat is designed to perfectly fit with people's body curve and thus take the comfortableness to higher level.
- **Bear up 264 pounds** Rubber wood features excellent sturdiness, not easy to deform. The legs made of rubber wood are sturdy enough to offer firm and reliable support for you, which can bear up to 264 lbs.
- **Stylish Design** Various rivets around the seat that add aesthetic beauty to the bar stool. Stylish appearance makes it a perfect complement to either your dining table or kitchen counter.
- **Connecting Bars as Footrest** The backless bar stool is equipped with 4 connecting bars which can play a role as footrest to let your tired foot has a rest.

- Easy Assembly Assembly process is a breeze for anyone. Solid connection can be realized easily by means of screwing the screws.
