**LOT 78 - Sigma 2G 37cm Metric Tile Cutter**

**Description**

## Product Description

Sigma snap tile cutters are known as being in a league of their own for their quality. These Italian-made manual tile cutters are able to cut the hardest porcelain, snap 3/4" glass mosaic tile into perfectly equal thirds, thick Pavers and Natural Stone, they also are more than capable when it comes to handling Marble and granite. The Sigma -45 to 45 degree locking angle mechanism allows you to lay Diagonal pattern tiles nearly as fast as you would lay down a square tile layout. A snap tile Cutter saves plenty of time on the job site when compared to the typical wet tile saw. Although wet tile saws have their distinct place in your overall arsenal of tiling tools. The lightweight Snap Cutter should be the tool of choice when it comes to all your straight cuts while the tile saw handles all your difficult, cutouts, and curve cuts.

- Weighs less than 5 pounds and is very light, practical and precise.
- It features a rapid positioning button for angle cuts from 0-45°
- Capacity Long:- 37 x 37 cm
- Diagonal capacity 25 x 25 cm
- All measurements are metric only
