

**Sale Name:** QUALITY ESTATES & AMAZON GENERAL MERCHANDISE - ONLINE  
AUCTION - JUNE 14th, 2023

**LOT 81 - Health Line Up Rollator Walker with Armrest Folding Walker with Wheels, Red**

**Description**

- Good Quality-Our Up Rollator with Armrest is strictly made according to FDA standards to ensure security. The capacity weight of our tall walker with seat is up to 300lbs.
- Compact Design-The rollator walker can assemble without tool, including side-to-side fold up frame, removable wheels. One-hand folding compact design fits to the trunk and is convenient.
- Comfortable Seat& Soft Backrest-The extra wide seat uses the upgraded PU material. Besides, the backrest tube is foam wrapped which could help you have a good rest when you sitting.
- Dual Brake System-PVC wheels can roll over uneven ground smoothly. Pull hand brake to slow and push to lock rear wheels to ensure your safety.
- Adjustable Range: The height of padded armrest is adjustable which could be adjusted from 402 to 438 This rolling walker can keep your forearms at a natural

level, keeping your back straight and relaxing the pressure of the shoulder & back.
