# About this item

- UPF 50+ UV Protection Umbrella. UPF 50+ high rating blocks 99% of UVA and UVB rays; the curtain on the periphery of the umbrella provides a larger area to shield you from rays; 190T high-density fabric with silver coating reflects heat to cool you down. This sun umbrella protects your skin to a greater extent and keeps you cool.
- Upgraded Universal Adjustable Clamp. The clamp can be installed vertically, horizontally or in any other direction, Universal to connect the square and tubular surfaces of armrests or support the beach chairs, golf bags, wheelchairs, strollers, and courtyards, boating, scooters, etc. Spring in the bottom handle allows the umbrella to adjust to the right angle. The maximum clamp diameter is 1.37 inches.
- Large Chair Umbrella. This shade canopy umbrella is 55 inches in arc canopy, and 47.2 inches in diameter. Come with a portable carrying case, easy to carry and transport.
- Stable and Sturdy Structure. This clamp-on umbrella skeleton is made of fiberglass and metal material, lightweight, flexible and strong for performance. In addition to being fixed on a stroller, the umbrella with the clamp removed can also be used alone.
