## About this item

- **Lightweight and Space-Saving Design:** Our foldable ladder is built from an aluminum frame which is more lightweight than an iron or steel step ladder but still strong, sturdy, and durable. It weighs only 8 pounds, making it easy for kids to carry. It folds compactly to just 1.7" in width for convenient storage and transportation, and fits in narrow spaces, under the bed, or in a corner.
- **About ACSTEP black ladder:** When in Opening: 34.5"(Height) X 18.5"(Length) X 17.5"(Width), Folding: 34.5"(Height) X 17.5"(Length) X 1.7"(Width), Net Weight: 8.3 pounds, maximum load: 330 lbs. We are sure the decorative ladder will meet your needs.
- **Fits Perfectly with Wood Decor:** With its high-quality woodgrain print, our ladder is the perfect addition to any wood-themed decor and could keep the ladder good-looking for a long time. It's not just a tool, but also a display stool for carrying things when not in use.
- **Prevents Scratches and Adds Stability:** Our ladder features 2 anti-slip feet that add stability and safety, while also protecting your floor from scratches. The step ladder with handrails is durable and lightweight and supports a maximum load capacity of 350 lbs.
- **Your Ultimate Home Helper:** Whether you need to reach high shelves in the kitchen, set up decorations for Halloween or Christmas, or access ceiling fixtures, our foldable ladder is the perfect tool for all your home needs.
