LOT 1 - Alexander Backer Co Chalkware Cherubs Relief

Description

This wall hanging was produced by the Alexander Backer Co in the 1950s-1960s, the company was bought out fairly quickly so there is a short span of production. It measures about 11" x 13" and is over 2" in thickness. The only damage or issue that I found was at the top (just to the right of center) where there is a little chipping, otherwise this is in great condition.

Quantity: 1
