LOT 39 - 1923-1933 Aqua Ball Mason Jar Aqua

Description

This is another beautiful aqua color mason jar, this one is by Ball. The line under Ball is not there which is how I'm aging it at 1923-1933. It is a half-gallon size jar with no issues other than a little dirt. It stands about 9.25" tall and has some beautiful air bubbles in the glass.
