LOT 78 - Antique Ivory Carved Asian Sphere & Pedestal

Description

Another amazing antique carved ivory sphere (there looks to be 3-4 carved spheres within the main outer sphere). Highly detailed carvings. The stand / pedestal is also carved antique ivory. Total height of this piece is 8" tall. Base and sphere is approx. 2" in dia.

All antique Ivory pieces were purchased in Europe / Asia during WWII (1939-1943). The collector (now estate) was a veteran of the US Military and purchased them

and brought them back with him in 1943 for his wife. All items purchased were before the embargo of Ivory in 1989.
