Mira Paris, born in 1934, near the Russian border, Mira's talent was first noticed at the age of nine. However, he received no training in that field; instead, he was schooled to become a professional architect in Germany. The grand and the magical style for which he has now become famous was developed on his own perhaps that's what makes it so unique and brilliant. His stunning objects, whether it to be his beautiful cosmic princess series, surreal landscapes, or abstracts, all are compelling memorials to Mira the artist. Mira's first exhibits were held in Nuremberg, Dusseldorf, and Frankfurt, Germany, later expanding into Austria, where he was shown in Vienna and Salzburg. His popularity becoming established and his art recognized, he expanded further and held shows in Stockholm, Copenhagen, Denmark, and various cities through his agent.
