Shipping Available Yes

Description

BELL + HOWELL 1-ft 2000-Lumen Aluminum LED Linear Garage Shop Light

Triburst by Bell+Howell offers brighter lighting compared to standard bulbs, featuring high-intensity illumination with 72 LED bulbs. This multi-directional triple-panel light is perfect for garages, homes, and more. Easily enhance any workspace with bright LED lights! The adjustable light panels on the Triburst allow you to direct light wherever it's needed, making it ideal for garages and work areas.

- Easy to install- Triburst is triple panel socket light that can quickly and easily screw on to any standard light socket in your garage, basement, attic, closet and more; no special tools needed

- Brighter than regular 60-Watt bulb- ultra bright light transforms any area from dim to ultra-bright
- Three hinge panels can be angled at any direction- constructed with high quality sturdy 90° adjustable hinge panels that can be angled in any direction, so you can position the light anywhere you need it
- 2000 Lumens- super bright
