### Description

## Utilitech 4-in Nylon Zip Ties Off-white 50-Pack - 5 packs, 250 Total

### Overview

UTILITECH has thought of every application where a cable tie is required and more importantly, dependable, and helpful. Whether you are a professional electrician securing wires and cables or a traveler locking their suitcase, UTILITECH has a cable tie made to your specifications. Professionals need to look no further for bundling solutions. UTILITECH's Outdoor Cable Ties are constructed of strong nylon that provide UV protection against sunlight and ultraviolet light. Mother nature is no match

for UTILITECH's Extreme Weather Cable Ties that can withstand frigid cold (minus 40-degrees F) and scorching heat (185-degrees F) extremes. These cable ties are also UL 21S listed and plenum rated making them suitable to support conduit and cables in building construction. Not an electrical worker? That's OK! UTILITECH offers a variety of cable ties that can make life easier and more organized around the office and at home. Are you tired of your office cords being a tangled mess? Try UTILITECH's Indoor Cable Ties, which will bring order to your workday. Need to hang Christmas lights or garland in a straight line that make you the envy of the neighborhood? Give UTILITECH's Outdoor Cable Ties a try, which can withstand harsh elements (even snow!) and temperature swings. How about color-coding to match décor? UTILITECH offers a myriad of colors ranging from standard hues like natural and black to green, orange and red that are great for holiday decorations. You get the picture. UTILITECH has thought of every possible scenario to organize the chaos! Also be sure to check out UTILITECH's new Fasten, Twist & Cut Cable Ties. These cable ties not only provide quick and easy installation but feature a stainless-steel blade that eliminates the need for sharp tools when cutting off excess length. Fasten, Twist & Cut Cable Ties are suited for indoor and outdoor use and are now available in 8-in and 11-in lengths, 20-pack, and 100-pack configurations!
