LOT 130 - Project Source Commander X-large 75-Gallons Heavy Duty Rolling Tote w/ Snap Lid - Missing Handle

Shipping Available No

Description

Project Source Commander X-large 75-Gallons (300-Quart) Black and Yellow Heavy Duty Rolling Tote with Standard Snap Lid

This tote is missing the yellow handle as shown in the pics. This was originally a store display at Lowes.

The Project Source Commander 75G heavy duty rolling storage tote is made of durable plastic, and has a weight capacity of 300 lbs. The storage tote allows you to hide away things you don't want to be seen while adding a pop of color to your space. The 2-point snap-lid ensures your items are safely secure during storage or transport. The specially molded lids allow you to stack multiple totes on top to prevent toppling and maximize storage space. Protect your valuable by utilizing the 6 tie-down holes made for zip-ties and padlocks. The long lasting Commander by Project Source tote works great in basements, closets, pantries, sheds, barns, and attics. This tote is great for organizing household products, gardening supplies, pet treats and supplies, shoes, clothing, seasonal gear like boots, sporting equipment such as golf balls, tennis balls, or drill cones, and many other items.

- Heavy Duty: the thick polypropylene walls of the Project Source Commander 75G heavy duty rolling storage tote keeps the valuables inside safe
- Rear wheels: durable rear wheels allow you to easily transport your 75G heavy duty rolling storage tote when using it to store your heavier items
- Lockable: 6 holes around the outer rim of the lid enable the use of zip-ties and padlocks to keep your items safe
- Tie down grooves for safe transport
- Lightweight and comfortable to carry
- Interior dimensions above the wheels: 39.7" L x 18.3" W x 17.1" H
- Exterior dimensions: 22.5" x 23.7" x 46"
- Made in the USA
