LOT 64 - Scope Indoor 1080p HD Smart Auto-Tracking Security Camera, White, Motion Only

Description

Scope Indoor 1080p HD Smart Auto-Tracking Security Camera, White, Motion Only

This is an open-box return. It powers on but has not been tested with Wi-Fi or the app.

About this item

- **SMART HOME SECURITY CAMERA:** The Geeni Scope smart Wi-Fi security camera lets you live stream anywhere, anytime. With a built-in sensitive motion sensor,

motion alerts are sent to your phone in real time for instant peace of mind!

Mounting kit included

- **CONTROL FROM ANYWHERE:** Works with your home Wi-Fi—no hub required! Simply download the Geeni app, mount your security camera, and connect. Using your home Wi-Fi, control and remotely access real-time and stored footage directly from your smartphone.
- **AUTO-TRACKING FEATURE:** Scope detects motion automatically and follows it around the room with its pan-&-tilt feature. You'll receive an alert to check out the movement yourself. Interact or quietly listen from any location with the built in mic and speaker
- **UNBEATABLE FEATURES:** With night vision up to 16 feet, image-enhancing technology, and motion-detection alerts, the Scope allows you to view all activity clear as day. The 135° viewing angle captures every moment with 24/7 Full-HD recording.
- **COMPATIBILITY:** The Geeni Scope smart Wi-Fi security camera is only compatible with 2.4GHz Wi-Fi. It also works with Amazon Alexa and Google Home. Featuring microSD storage (up to 128 GB), and a Micro USB power connector.

Quantity: 1
