## Description

# HEALTH GENESIS HIGH DOSE MULTIPLE VITAMIN/ MINERAL FORMULA

**Brand new factory sealed bottle of 180 tablets. \$48.00 retail.**

Health Genesis is a versatile multivitamin, mineral, and trace element high-potency formula that *contain a spectrum of essential micronutrients in bioavailable forms, and at nutritionally meaningful amounts.* (Iron-Free)

→We recommend increased, safe intake of vitamins and minerals to help assist optimal functioning of interrelated enzyme systems, cellular energy metabolism, hormonal regulation, and detoxification pathways that are critical to maintaining health.

The amounts and ratios of nutrients used in Health Genesis are based on a long history of clinical use and updated using the newest research findings. The 1:1 calcium to magnesium ratio, high potencies of vitamins E, C, D3, and B-complex, bioactive forms of folate and vitamin B12, extra pantothenic acid for adrenal support, and full complement of trace elements distinguish this formula from ordinary multiple vitamins.

This iron-free formula option is most suitable for the majority of individuals. Supplemental iron is unnecessary for most adult men and women and may be potentially harmful, as excessive amounts have been associated with heart disease, arthritis, and cellular damage. Copper is included because of its importance for SOD antioxidant enzyme activity and to maintain a healthy balance with zinc. This concentrated formula is designed to fit into 6 tablets daily.

### **Suggested Use**

**Adults:** 6 tablets daily with food. Children 4 to 14: Take up to 3 tablets daily with food or as directed by healthcare professional. Children less than 4 years of age: As directed by healthcare professional.

**Quantity:** 1
