**LOT 72 - Graco Magnum ProX17 Electric Stationary Airless Paint Sprayer**

### Description

## Graco Magnum ProX17 Electric Stationary Airless Paint Sprayer

This is a unit that was used once - plugged in and tested (working unit) - \$598.00 retail today at LOWES!

The Magnum ProX17 Airless Sprayer is part of Graco's Pro Series of sprayers. Rated for heavy duty projects, making it just right for Property Maintenance Pros, Remodelers and General Contractors who spray often and demand more power and performance. Ideal for projects up to 20 gallons in size, allowing you to tackle on more projects every year. The ProX17 Stand provides a lightweight, compact design for easy transport, plus you can spray directly out of a 1 or 5 gallon container. The SG3 Metal

Spray Gun has a filter integrated into the handle and includes a built-in swivel for better control and easier spraying. You can quickly swap out the ProXChange Pump with no tools, and eliminate downtime on-the-job so you can keep spraying. It can support up to 150 ft of hose so you can easily reach second stories. This sprayer has fully adjustable pressure so you can get a professional finish of paint or stain on any project. The stainless steel piston pump delivers a powerful 3000 psi of pressure giving you better atomization without thinning paints or stains. When it's time to clean the sprayer, the PowerFlush adapter connects to your garden hose. Only Graco TrueAirless Paint Sprayers offer TRUEQUALITY; pro-grade technology in a user-friendly design, TRUESPEED; the fastest way to finish with one-pass coverage and TRUECONTROL; the ability to spray coatings unthinned with less overspray. Nothing beats the TrueAirless experience.

- Sprays unthinned paint and a variety of other coatings
- ProXChange Pump System for easy, tool-free pump replacement
- Great for remodelers and contractors who paint frequently
- Ideal for Property Maintenance Pros and Remodelers looking for higher performance to tackle midsize projects
- Ideal for jobs up to 20 gallons in size, allowing you to take on more projects every year
- Fully adjustable pressure control to give you ultimate control to spray paints or stains unthinned at any pressure
- Flexible Suction Tube allows you to spray directly from a 1 or 5-gallon paint bucket
- Supports up to 150 ft of paint hose to reach peaks or second stories and leave your sprayer in one place without diminishing performance
- Supports 12 TrueAirless Spray Tips giving you the flexibility to complete a number of projects with ease
