- Premium Carbon Steel & Food Grade Materials Updated foldable wooden pizza peel features a nonstick finish, allows easy removal and cleaning. Round pizza

pans are made of durable carbon steel, pizza peel, pizza cutter and pie server are made of 304 durable stainless steel. Sturdy, durable, bonus with food grade silicone oil brush and cotton oven mitts. Vented kitchen essential for daily use by professionals or homemade pizza recipe

- Perfect Size Quality Pizza Peels The Perfect Pie Pizza Peel is made of high-quality commercial grade aluminum and durable wooden handle with a rope for hanging up or storage. This pizza paddle is 12" x 14" (folded) but fully extends to 12" x 25" with handle extended. It fits in any corner of the kitchen, pizza parlor or bakery. All those tools are scientific and practical design to meet your hand making use. Dishwasher safe
- Pizza Pans with Pizza Server & Oven mitts The carbon steel pizza pan size 12inch, which can withstand high temperature up to 450°F. Heating across the pan for perfect baking results. Perforated holes pan lets air flow through. Come with a silicone oil brush to help you baking more easy. the rocking pizza cutter slices with blade cover for safe storage can smoothly through your pizza crust. Pizza server uses a triangular-headed design, skid proof handle ensures comfort texture and control
- Easy to use :Wooden pizza peel boards are prone to splintering and are not resistant to moisture and other issues, our rust-resistant aluminum pizza is the perfect solution. It's lightweight and so thin that just a little cornmeal on the metal surface of your pizza paddle and your pizza slides off your pizza scraper and straight onto your plate.
