

**Sale Name:** [Live Simulcast Close at 5:00PM] Auction for Doolittle Raider & Air Force Major General David "Davy" Jones

**LOT 64 - Then-Major Jones WWII Flight Journal**

**Description**

From the private collection of General David Jones. This notebook does not contain exact dates so far as year; however, General Jones was promoted to Major in 1942

subsequent to the Tokyo Raid in 1942. There are excerpts for days of the month. This may be from the same timeframe prior to being shot down over North Africa. Included are crew names, mission numbers (sorties?), and more including day-to-day entries. Most likely stored in the pocket of General Jones' flight suit. There are 50-plus pages with writing. There is some age related wear, and some pages have non-related children's writing, albeit minimal. Any errant writing is not on the same pages as General Jones' notes.
