VEVOR Garden Fence, 36.6in(H) x29.5in(L) Animal Barrier Fence, Underground Decorative Garden Fencing with 2.5 Inch Spike Spacing, Metal Dog Fence for The Yard and Outdoor Patio, 5 Pack

New

About this item

- Provide a Secure Protection: With a 36.6 inch tall garden fence, enhance safety by creating a barrier that prevents children or pets from wandering out of your yard or into hazardous areas. It also provides better visual obstruction, deterring

large animals from entering. Increase the privacy and maintain the serenity and cleanliness. Create an ideal outdoor space for you!

- **Stake Connection Design:** Enhance the strength and stability of the garden fencing with stake connections. The large panel makes connections easier, resisting external pressures and impacts, maintaining the integrity of the fence shape.
- **Premium Carbon Steel:** Crafted from high-quality carbon steel with a rust-resistant powder-coating, our fence panels boast corrosion-proof materials that extend its lifespan. It enhances stability, durability, and prevents deformation. Withstand harsh weather outdoor.
- **Quick Installation:** For convenient installation, the metal feet feature sharpened design to easily penetrate various terrains, ensuring stable fence insertion. Additionally, the decorative garden fence edges have been polished for your safety and upgraded user experience.
- **Versatile Applications:** Unlock your garden's potential with a multipurpose metal garden fence. Use them for boundaries to protect plants and spaces. Create secure enclosures to keep pets and kids away from danger. Serve as a protective barrier, shielding delicate flora. Combine with other fencing to elevate your garden's appeal.
