About this item

- **Heavy-Duty:** High density full-size stop sign is 30" x 30" in size and made with aluminum metal with a thickness of 80 MIL, making it hard to bend and durable for long-term use
- **Prismatic Sheeting:** Reflective road signs feature a bright red background with a bold white font that can be seen from a great distance. Stop signs for traffic illuminate when exposed to light to warn the motorist not to proceed further
- **UV Protected:** Premium quality aluminum stop signs for garage parking include a UV-coated covering that protects the sign from ripping and fading while strengthening it to resist adverse weather conditions
- **Simple to Install:** Stop signs traffic has two laser pre-drilled holes at the top & bottom for easy installation on the flat surface, such as walls, fences, poles, and gates. Use Screw, Nuts, and Zip ties to secure the piece
- **Traffic Control:** Purposeful reflective sign is used to manage heavy traffic or highway roadside, parking lots, crossing guards, apartment complexes, parking garages, and any other road where automobiles must come to a complete stop
