**Description**

While Nebraska is officially the 37th state, political disagreements delayed Colorado's initial request for statehood, which made Colorado the 37th state. This led to a bidding war between museums in those states for this actual item in a previous auction. The winning bidder then donated this flag to who is now the current consignor. The flag is manufactured by E.J. Annin. The flag is framed with a plexiglass cover, in the position to be hung vertically. There is age related wear. The cover photo is reverse image. Measurement: 92"L x 55"W (flag); 105"L x 66"W (frame). **IF SHIPPING IS REQUIRED, THE WINNING BIDDER IS RESPONSIBLE FOR ARRANGING TO HAVE THE ITEM SHIPPED.**
