LOT 84 - Metabo HPT 2-in 18 -Gauge Pneumatic Straight Brad Nailer

Shipping Available Yes

Description

Metabo HPT 2-in 18 -Gauge Pneumatic Straight Brad Nailer

This is a new open box unit - never used. Comes with a tool carry bag as well. \$139.00 retail.

Overview

The NT50A5 2-in 18-gauge pro brad nailer has been designed with the professional carpenter in mind. It is ideal for trim work, furniture building and other finish

applications. It accepts finish nails from 5/8" in length up to 2". The newly redesigned high-grade aluminum magazine not only provide exceptional durability, but also prevents jams caused by fastener overlap. The integrate air duster is convenient allowing the user to quickly clear away any dust or debris from their work surface. Automatic dry-fire lock-out protects the work piece by not allowing the tool to operate if there are no nails in the magazine. The left or right side mountable belt hook helps keep the tool on hand at all times.

- BRAD NAILER: Professional 18-gauge nailer who requires precision, power and performance
- APPLICATION: Ideal for trim work, furniture building and other finish applications
- FASTENERS: Accepts 5/8-in up to 2-in 18-gauge pro brad nails
- INCLUDES: NT50A5 Brad Nailer, Tool Bag, Safety Glasses, No Mar Tip
- DEPTH ADJUSTMENT: Tool-less depth adjustment
- MAGAZINE: High grade aluminum Magazine provides exceptional durability and protects against jams
- AIR DUSTER: Integrate air duster to keep surface clean
- PRECISION NOSE: Narrow nose piece and a short center height allows for nail placement in hard to reach areas and corners
- BELT HOOK: Ambidextrous belt hook can be mounted on the left or right side of tool for user preference
