LOT 165 - Kwikset 260

Description

Kwikset SmartCode 260 Traditional Satin Nickel Electronic Deadbolt SmartKey Keypad

This box is torn, but the lock and components appear to be unopened.

- **CONVENIENT KEYLESS ENTRY:** Keypad entry makes coming and going secure and simple without having to take out your keys
- **CERTIFIED ADVANCED SECURITY:** Security, Durability and Finish are Grade 2 BHMA certified, which is up to 2.5x stronger than Grade 3 BHMA Certified lock sets
- **AUTO-LOCK:** Enjoy security and peace of mind knowing your door can lock itself or automatically lock after every 30 sec, 1 min, 3 min, 5 min or 10 min
- **12-MONTH BATTERY LIFE:** Battery lasts at least 12 months, giving you more time in between battery replacements with 4 AA alkaline batteries; batteries not included
- **EASY CODE MANAGEMENT:** Customize up to 50 user codes, 10 one-time user codes and 1 programming code that lets you edit or delete user codes whenever you need to
- **EASY INSTALL AND BILT APP:** Installs with just a screwdriver using BILT 3D interactive instructions with voice, text and animation guidance for an easy installation
- **INTRUSION ALERT:** After 3 consecutive incorrect code entries, the lock sounds an alarm and disables the keypad for 1 min to prevent anyone from tampering with it
- **VACATION MODE:** Activate Vacation Mode to temporarily disable the keypad, and feel safe knowing no one can operate your door lock when you're out of town

Quantity: 1
