**LOT 169 - Utilitech 1.5 Sone 100-CFM White Bathroom Fan with Humidity Sensor**

### Description

## Utilitech 1.5 Sone 100-CFM White Bathroom Fan with Humidity Sensor (ENERGY STAR Certified)

**This is a cosmetically new, like-new, open-box bathroom fan. It has not been tested.**

- Humidity sensor turns on fan automatically when humidity in the bathroom reaches 60% and above and fan will turn off once relative humidity reaches below 60% with no manual shutoff needed
- Powerful fan operates at 100 CFM
- 100 CFM works best in rooms that are 110 square feet

- 1.5 sones quietly removes moisture and humidity from the room
- Energy Star compliant DC brushless motor reduces power consumption and is capable of running continuously for 70,000 hours
- Compact bath ventilation fan with quiet and powerful operation
- Easy fit installation - the housing directly replaces the most common bath fan housing size, eliminating the need to cut dry wall
- Small, simple grill design fits neatly into any bathroom
- UL certified, HVI listed and Energy Star compliant for safety and efficiency

**Quantity: 1**
