About this item

- **CUSTOMIZABLE LIGHTING SOLUTION:** This flexible strip light allows you to cut and rejoin it with connectors, giving you the freedom to create customized lighting areas that perfectly fit your needs. Enjoy personalized illumination tailored to your space.
- **ADJUSTABLE BRIGHTNESS:** Take control of the lighting ambiance with the full-range dimmer switch. Easily adjust the brightness level of the light to create the desired atmosphere, from soft and cozy to bright and vibrant, enhancing the overall mood and functionality of your space.
- **BRIGHT AND WARM LIGHT:** With 930 lumens of bright white light and a warm white 3000K color temperature, this LED tape light offers a perfect balance of brightness and warmth. Illuminate your surroundings with a welcoming and pleasant glow.
- **EASY INSTALLATION:** Transform your indoor space with an effortless setup. The strip light is made with a silicone coating and features a self-adhesive 3M back, ensuring easy and secure mounting installation. It comes with a 5-ft plug-in 2-prong polarized cord for convenient connectivity.
