LOT 196 - Two - Good Earth Lighting PRO SERIES 24-in Hardwired LED Under Cabinet Light Bar

Description

Two - Good Earth Lighting PRO SERIES 24-in Hardwired LED Under Cabinet Light Bar

Overview

Under cabinet lighting is an essential in most kitchens because it provides many different sources of light. It is a form of task lighting for preparing food, entertaining and other activities in the kitchen. You can also leave them on at night for safety as well. We focus on producing long-lasting, smooth LED lighting output you don't have

to worry about seeing the dots from the diodes on your countertop as well as producing a slim design to keep the fixture hidden under the cabinetry.

- Preferred choice by many contractors, designed with bigger wiring compartment for easier wiring and its slim form to stay hidden under the cabinets
- Bright White 3000K color temperature
- Light can be controlled from a wall switch or the on/off rocker switch located on the fixture
- Durable metal construction with frosted diffuser
- Direct wire installation - everything you need is in the box, pre-installed screws, time saving push-in wire connectors and installation instructions
- Linkable for the perfect, custom light ambiance; 18-in linking cord included, linkable up to 360 watts
- Dimmable feature allows you to dim from 100% to 15% of full illumination; compatible with most Triac wall dimmers; (note that light cannot be dimmed on the fixture itself; a wall dimmer is required)
- 12.5-Watt, 1050 Lumens output, 80.8 Lumens/Watt efficacy, 80 CRI, 3000K Color Temperature

Quantity: 1
