LOT 233 - Sigma Engineered Solutions 1 -Gang Metal Weatherproof New work Rectangular Electrical Box

Description

Sigma Engineered Solutions 1 -Gang Metal Weatherproof New work Rectangular Electrical Box

Overview

Sigma's weatherproof one-gang deep boxes provide an extra large junction for conduits and can house a single wired device such as a receptacle or switch. They can also be used to mount lampholders and lighting systems in outdoor applications. The rugged, die-cast construction prevents moisture penetration making the boxes suitable for wet, damp or dry locations. These UL and CSA listed boxes are powder

coated for maximum corrosion resistance and feature reinforced connector outlets for secure installation. Mounting lugs, closure plugs, and a pre-installed ground screw are included.

- Features three 1-in knockouts and 18.3 cubic inches capacity
- Provide a junction for conduits or can house a single wired device such as a receptacle or switch
- Includes a pre-installed ground screw, closure plugs, mounting lugs and (2) #8-32 UNC-2A X 0.25-in self tap screws
- Reinforced connector outlets provide secure installation
- Die-cast construction and powder coated for corrosion resistance
- Can be mounted in vertical or horizontal orientations
- Product is UL and CSA listed, suitable for wet locations and NEMA 3R rated

Quantity: 1
