**Description**

# **700 W Carpet Trimmer with Shearing Guide - BESGEER-Rug-Trimmer-for-Tufting-Carpets with 2 Blades, Carpet-Carving-Clippers, Rug-Tufing-Shaver-for-Tufting and Cleaning, Tufting-Shears - Used once.**

- ✂ 700W Carpet Trimmer 700W high power motor made of high temperature resistant all copper wire set with 3000RPM speed, featuring ultra-high temperature resistance, powerful output, and long machine life. Compared with the traditional 200w rug trimmer, the 700W tufting trimmer will increase the efficiency by 50% when trimming the entire carpet, saving more time and effort. The 200W rug trimmer for tufting is more suitable for deal some details of the carpet. two trimmers can be used together.
- ✂ 6-Speed Control BESGEER professional tufting shears are equipped with 6 variable speed knobs, Low speed (1-3) offers precision performance to clip sensitive areas while high speed (4-6) delivers maximum power for faster trims and full rugs shave down. Whether you are a beginner or a professional of carpet carving clippers, 6 speeds control helps you finish the trimmer rug task quickly and easily.
- ✂ Carpet Trimmer with Shearing Guide Rug BESGEER tufting trimmer with shearing Guide holds shears in place against a clear acrylic platform for easy visibility and variable shearing depth. Now you can safely trim your cut pile rugs even if you've never use the rug clippers for tufting before without fearing cutting your carpet. (Don't forget to peel the protective coating on the acrylic off, then it will be clear!
- ✂ Wide Application The electric tufting clippers can not only apply to trim the carpet but also can apply to trim your animal's hair. The rug clippers' power is 700W, which is powerful enough to trim animals' hair like horses, llamas, ponies, and cattle. We do not recommend using the on Cats, Puppies, and any other Timid Pets because of the rug carving clippers' powerful motor.
- ✂ High-Strength Refined Carbon Steel Blades This electric sheep shear is equipped with premium 13-tooth straight blades made of high-strength refined carbon steel, forged with high-tech grinding to ensure sharpness and durability. In addition, the specially crafted head is fitted with ventilation holes to prevent the carpet from getting stuck and damaged.
